

Action Day – April 6th 2013 Report and Photographs by Pauline MacTavish

On the sunniest day so far this year, eight willing helpers set about clearing Footpath 25 leading from the village pond towards the playing fields, and then to the right Footpath 23 towards Ridge Close. There was no new growth to clear away but we cleared the remains of last year's brambles as well as several sackfuls of disgusting litter. Unfortunately we had to leave the sofas! We then adjourned to the Village Hall to have refreshments provided by the Twinning Association.
