

## Action Day – 3<sup>rd</sup> December 2011

report by Robert Brigg  
photographs by Margaret Adnitt

Our December working morning was dry and cold but there were 9 willing helpers who split into three small groups, one group worked tidying and cutting back plants in the Harris garden in preparation for winter, another group litter picked around the church and surrounding area and the other group continued to work on improving the drainage ditch running along a footpath on Wheeler End Common
