

Action Day – June 4th 2011

report by Robert Brigg, photos by Margaret Adnitt

Our June action morning was warm and sunny and we had 16 helpers attend.

We split into 5 groups.

One group worked on the Harris garden this was given a thorough tidy this included cutting back the old plants in the Raised bed & weeding, some punning on the overhanging shrubs and cutting of the newly sown grass behind the seats.

3 groups worked on different footpaths cutting back overgrown areas and trimming back some of the trees with strimmers hedge cutters and hand tools.

The final group litter picked around the village.

A Great effort by all the teams involved in the mornings activities each contributing to improving these areas for all to use and benefit by the work undertaken
