

Action Day – October 2nd 2010

The October Action Day was spent mostly in the main car park. The boundary hedge was given its autumn trim while much litter picking was achieved. The clear-up then began with the taking away of the hedge clippings and the tidying of the kerbs surrounding the car park. The end result was most pleasing. Meanwhile, Pauline George had been clearing the border in the Harris Garden - she really is an indefatigable worker. We then all retired to The Village Hall for well deserved coffee and bacon rolls supplied by the Twinning Association.
