

Action Day – September 1st 2012

Report by Robert Briggs
Photographs by Pauline MacTavish

Our September working morning was dry and warm and with 12 willing helpers including two children, we divided into three groups.

The main group worked on clearing a very overgrown footpath alongside the motorway in Bolter End, another group worked on clearing litter around the village and commons and the smallest group worked on tidying the Harris garden.

Over the Bank holiday Monday a week earlier a small group undertook an additional task of clearing a impassable footpath just off of Beech Road.
